

| Asset | Revision | Date Published | Event Date | Expected Duration | Loss of Volume (mcm/d) | Comments |
|-------------|----------|----------------|-------------------|-------------------|------------------------|---|
| St Fergus | 2 | ##### | 20/11/2016 | | 5.7 | Ramp up ongoing, normal flows expected within 24-36 hours |
| Bacton SEAL | 1 | ##### | 14/12/2016 | | | Ramp up of flows expected over the next 24-48 hours |
| Bacton SEAL | 0 | ##### | 14/12/2016 | 2-3 days | 5 | |
| St Fergus | 0 | ##### | 20/11/2016 05:00 | 28 days | 5.7 | Two days prior to the event flows will start to decrease. It will take two days after the event for flows to ramp back up to normal rates. |
| St Fergus | 1 | ##### | 30/10/2016 | | | Flows are ramping up, normal rates expected for gas day 31-Oct-2016 |
| St Fergus | 0 | ##### | 29/10/2016 05:00 | 24-36 hours | 5 | |
| St Fergus | 0 | ##### | 22/11/2016 05:00 | 26 days | 5.7 | Two days prior to the event flows will start to decrease. It will take two days after the event for flows to ramp back up to normal rates. |
| Bacton SEAL | 0 | ##### | 20/10/2016 | 24 hours | 5 | |
| St Fergus | 5 | ##### | | | 7 | A further delay in increasing offshore flow. Loss of 7.0 MCM. At present it is unknown when flows will return to normal levels. |
| St Fergus | 4 | ##### | 06/10/2016 | | 7 | Delay in increasing offshore flows, loss of around 7.0 MCM, normal production rates not expected until gas day 07-Oct-2016 |
| St Fergus | 3 | ##### | 0210 - 05/10 | | | Update of planned works in previous REMIT post at 2016-09-28 06:59:54 Offshore flow reductions resulting in reduced flows at NSMP St. Fergus New dates below: Gas Day 02-Oct-2016 ~ 4.0 MCM Gas Day 03-Oct-2016 loss increased by 10.0 MCM Gas Day 04-Oct-2016 expected loss reduced to 6.5 MCM Gas Day 05-Oct-2016 expected loss reduced to 5.0 MCM |
| St Fergus | 2 | ##### | 02/10 - 04/10 | | | New dates below: Gas Day 02-Oct-2016 3.0 MCM Gas Day 03-Oct-2016 loss increased by 11.0 MCM Gas Day 04-Oct-2016 expected loss reduced to 3.0 MCM |
| St Fergus | 1 | ##### | 29/09 - 01/10 | | | New dates below: Gas Day 29-Sep-2016 3.0 MCM Gas Day 30-Sep-2016 loss increased by 11.0 MCM Gas Day 01-Oct-2016 expected loss reduced to 3.0 MCM |
| St Fergus | 0 | ##### | 27 - 29 September | | | Offshore flow reductions resulting in reduced flows at NSMP St. Fergus Gas Day 27-Sep-2016 3.0 MCM, Gas Day 28-Sep-2016 loss increased by 11.0 MCM, Gas Day 29-Sep-2016 expected loss reduced to 3.0 MCM |
| Bacton SEAL | 1 | ##### | 08/08/2016 | | | Delay in restarting TOTAL E&P UK operated production, offshore production is forecast to restart this morning with delivery at Bacton SEAL a couple of hours later. Ramp up of flows will take approximately 48 hours |
| Bacton SEAL | 0 | ##### | 07/08/2016 | | | Delay in restarting TOTAL E&P UK operated production, offshore production will not restart until gas day 08-Aug-16 ramp up of flows will take approximately 48 hours |
| St Fergus | 0 | ##### | 22/06/2016 05:00 | 7 days | # | 13-10 mcm/d reduction for 2 days and then 8-6 mcm/d reduction for 5 days. |
| Bacton SEAL | 2 | ##### | 16/05/2016 | | | SEAL flows now starting to increase, slow ramp up to previous rates over the next 24-48 hours |
| Bacton SEAL | 1 | ##### | 16/05/2016 | | 9 | Flow increase at SEAL not expected until Thursday (19/5) PM with a slow ramp up |
| Bacton SEAL | 0 | ##### | 16/05/2016 | 2 days | 9 | Flow loss of 9.0 MCM/D over the remainder of this gas day, duration expected to be 2 days |
| Bacton SEAL | 1 | ##### | 11/05/2016 | | | Ramp up of offshore flows ongoing, Bacton SEAL flows to slowly increase over the course of the day |
| Bacton SEAL | 0 | ##### | 11/05/2016 | 24 hours | 5 | |
| St Fergus | 1 | ##### | 12/04/2016 05:00 | | 6.5 | Loss increased from 5.0 to 6.5 mcm/d from 2100 on the 13/04/2016. Duration until end of this gas day |
| St Fergus | 0 | ##### | 12/04/2016 05:00 | 2 days | 5 | |
| Bacton SEAL | 5 | ##### | 04/03/2016 | | | Update, ramp up of flows at Bacton SEAL due to commence from 15:00hrs with normal rates by the end of the day.. |
| Bacton SEAL | 4 | ##### | 04/03/2016 | | | Update: ramp up of flows at Bacton SEAL is unknown at present. Further update will follow once offshore flow has started |
| Bacton SEAL | 3 | ##### | 04/03/2016 | | | Update: restart ongoing, ramp up of flows at Bacton SEAL now expected from midday today. |
| Bacton SEAL | 2 | ##### | 04/03/2016 | | | Update: restart ongoing, ramp up of flows at Bacton SEAL now expected from 02:00hrs on the 10/03/16 |
| Bacton SEAL | 1 | ##### | 04/03/2016 | | | Update: restart ongoing, ramp up of flows at Bacton SEAL expected from 20:00hrs tonight |
| Bacton SEAL | 0 | ##### | 04/03/2016 | 5 days | 9 | |
| St Fergus | 4 | ##### | 13/02/2016 05:00 | | | Update: offshore production resumed, rates increasing over the next 24 hours |
| St Fergus | 3 | ##### | 13/02/2016 05:00 | | 5 | Update: unknown when offshore production will restart. An update will be issued once production has restarted |
| St Fergus | 2 | ##### | 13/02/2016 05:00 | | 5 | Update: no increase in rates for this gas day (15-Feb-2016) |
| St Fergus | 1 | ##### | 13/02/2016 05:00 | | 5 | Update: rates expected to increase this afternoon |
| St Fergus | 0 | ##### | 13/02/2016 05:00 | 2 days | 5 | |
