

Notification Of Planned Unavailability

ACTP	Revision	Date Published	Event Date	Expected Duration	Gas M Volume (MCM/D)	Comments
Bacton SEAL	9	17/12/2021 06:05	17/12/2021	~1 day	3	Elgin Franklin offshore rates are back to normal. Delivery at SEAL will continue to increase and should be back to technical capacity this afternoon.
Bacton SEAL	8	16/12/2021 23:42	17/12/2021	~2 days	5	Elgin Franklin offshore rates are starting to increase to normal levels. No significant increase in flows at SEAL expected this gas day. Another message will be posted in the morning when the position will be more clear. Delivery to SEAL expected to be around 5.0 MCM/D by the of gas day 16-Dec-2021
Bacton SEAL	7	15/12/2021 17:50	20/12/2021	~5 days	5	As Elgin Franklin rates are currently reduced the drop in available capacity later today and for the next few days is 2 MCM/D at Bacton SEAL. Elgin Franklin offshore rates have reduced to complete rig move. Rates at SEAL are forecast to reduce to ~ 4 MCM/D from midnight tonight. The Rig move is weather dependant and may take up to 72 hours. Rates at SEAL will then slowly increase to technical capacity of around 9 MCM/D.
Bacton SEAL	6	14/12/2021 11:26	18/12/2021	~4 days	3	Elgin Franklin rates continue to ramp up. Elgin not expected to reach technical capacity for a number of days.
Bacton SEAL	5	14/12/2021 06:01	14/12/2021	~1 day	9	Elgin Franklin has restarted, stock being rebuilt, delivery at SEAL terminal forecast to start from 0800 and increase over the gas day.
Bacton SEAL	4	13/12/2021 17:03	14/12/2021	~2 days	9	Elgin Franklin restart underway It's expected to have gas export this gas day. Export rates to be around 50% of technical capacity.
Bacton SEAL	3	13/12/2021 11:24	13/12/2021	~1 day	9	Elgin Franklin restart underway It's hoped to have gas export this afternoon. Export rates to be around 50% of technical capacity.
Bacton SEAL	2	12/12/2021 12:21	13/12/2021	~2 days	9	Elgin Franklin export has stopped due to hydraulic issues. It's hoped to restart later this gas day following investigation.
Bacton SEAL	1	12/12/2021 09:44	13/12/2021	~2 days	5	Elgin Franklin rates reduced for ongoing rig move.
Bacton SEAL	0	10/12/2021 20:57	12/12/2021	~2 days	4	Elgin Franklin rates being reduced for rig move which is weather dependant. In addition to the below approximately 2 MCM will be delivered at the Perenco terminal for gas day 11-Dec-2021
Bacton SEAL	6	10/11/2021 08:12	09/11/2021	~2 days	6.6	Please note that the weather has worsened and it is not possible to complete the rig move activities. Gas export will ramp up over the next few hours. There is, currently, no suitable weather window to complete the activities.
Bacton SEAL	5	09/11/2021 22:36	09/11/2021	~2 days	6.6	A weather window has appeared tonight, which should allow the rig move activities to proceed. Gas export will start to reduce in the next few hours, before ramping back up following the rig move.
Bacton SEAL	4	09/11/2021 08:04	12/11/2021	~2 days	6.6	Weather window has moved again.
Bacton SEAL	3	08/11/2021 08:06	10/11/2021	~2 days	6.6	Weather window has moved again.
Bacton SEAL	2	05/11/2021 06:55	08/11/2021	~3 days	6.6	Weather window for rig move activities has moved.
Bacton SEAL	1	04/11/2021 06:41	05/11/2021	~3 days	6.6	Incorrect start date on original bulletin.
Bacton SEAL	0	03/11/2021 16:26	03/11/2021	~5 days	6.6	Production from Elgin Franklin will be cutback during rig move activities. Gas export will vary as wells are shut in and restarted during the activities. The activities are weather dependent.
Bacton SEAL	23	29/07/2021 06:07	22/05/2021	~69 days	5.9	Elgin Franklin offshore flows almost back to normal. Flows at SEAL expected to continue to increase over the gas day. Normal rates not expected until gas day 30 July 2021.
Bacton SEAL	22	28/07/2021 09:14	22/05/2021	~68 days	8.9	Elgin Franklin has restarted, Flows expected to increase over the course of the gas day. Normal rates not expected until gas day 29 July 2021.
Bacton SEAL	21	28/07/2021 07:37	22/05/2021	~68 days	11.9	Elgin Franklin has restarted, offshore rates are currently at 40%. It's not currently known when flows at Bacton SEAL will start. Normal rates not expected until gas day 29 July 2021.
Bacton SEAL	20	27/07/2021 15:12	22/05/2021	~67 days	11.9	Elgin Franklin unplanned trip during ramp up. Normal rates not expected until gas day 28 July 2021.
Bacton SEAL	19	27/07/2021 06:12	22/05/2021	~67 days	6.9	Elgin Franklin ramp up slower than expected. Normal rates not expected until gas day 28 July 2021.
Bacton SEAL	18	26/07/2021 10:24	22/05/2021	~66 days	6.6	Elgin Franklin ramp up slower than expected. Normal rates not expected until gas day 27 July 2021.
Bacton SEAL	17	25/07/2021 19:27	22/05/2021	~66 days	9.4	Gas export from Elgin Franklin started earlier. Delivery from the SEAL terminal into the NTS is forecast to start from 2000 tonight at low rates ~ 2.5 MCM/D by the end of this gas day rates could be at 6 MCM/D Normal delivery rates expected during gas day 26-Jul-2021.
Bacton SEAL	16	25/07/2021 09:40	22/05/2021	~66 days	11.19	Elgin Franklin restart under way. Gas export delayed due to issues with export compressor, Linepack required for SEAL before delivery to NTS. Normal export levels not expected until Tuesday.
Bacton SEAL	15	24/07/2021 10:42	22/05/2021	~65 days	11.9	Elgin Franklin restart under way. Gas export not expected until night shift today, Linepack required for SEAL before delivery to NTS. Normal export levels not expected until Monday.
Bacton SEAL	14	21/07/2021 20:32	22/05/2021	~63 days	11.9	Elgin Franklin restart delayed until Friday.
Bacton SEAL	13	20/07/2021 17:09	22/05/2021	~62 days	11.9	Oil export route now available. Start up procedures ongoing. Linepack needs to be provided to SEAL so possibly no delivery to the NTS on the 21st. Normal flows to NTS expected on the 23rd July.
Bacton SEAL	12	19/07/2021 12:26	22/05/2021	~61 days	11.9	It's expected the maintenance on the oil export route will finish today. Linepack needs to be provided to SEAL so possibly no delivery to the NTS on the 20th. Ramp up in rates continues on the 21st and 22nd with normal flows to NTS expected on the 23rd July.
Bacton SEAL	11	15/07/2021 20:24	22/05/2021	~58 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	10	15/07/2021 07:23	22/05/2021	~55 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	9	13/07/2021 07:15	22/05/2021	~54 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	8	09/07/2021 15:42	22/05/2021	~54 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	7	08/07/2021 08:47	22/05/2021	~52 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	6	05/07/2021 18:23	22/05/2021	~51 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	5	05/07/2021 07:09	22/05/2021	~47 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	4	30/06/2021 23:34	22/05/2021	~46 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	3	28/06/2021 15:15	22/05/2021	~44 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	2	18/06/2021 13:36	22/05/2021	~40 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	1	02/05/2021 08:39	22/05/2021	~37 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Bacton SEAL	0	31/03/2021 07:31	22/05/2021	~33 days	11.9	Elgin Franklin planned maintenance, restart is dependent on completion of maintenance works on Oil export route. A two day ramp up should be expected on restart.
Teesside CATS	1	18/06/2021 13:34	16/06/2021	~3 day	6.8	Culzean maintenance complete, normal rates expected for gas day 19-Jun-2021. There may be an increase in delivery at CATS later today.
Teesside CATS	0	16/06/2021 07:34	16/06/2021	~5 days	6.8	Culzean production reduced due to essential maintenance.
NSMP - SF	2	11/06/2021 08:43	27/05/2021	~19 days	5.5	Laggan Tormore planned maintenance.
NSMP - SF	1	07/05/2021 14:41	27/05/2021	~21 days	5.5	Planned maintenance has been delayed.
NSMP - SF	0	31/03/2021 07:37	21/05/2021	~21 days	5.5	Laggan Tormore planned maintenance.
NSMP - SF	0	08/03/2021 08:20	12/03/2021	~5 days	2.8	Maintenance at Alwyn.
Bacton SEAL	7	20/04/2021 06:01	28/03/2021	~23 days	4	Elgin Franklin rates ramping up. Export levels almost back to normal. Stock being rebuilt in SEAL pipeline. Normal delivery expected for gas day 21st April.
Bacton SEAL	6	17/04/2021 08:13	28/03/2021	~22 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Due to weather restart has been delayed. Gas export restart not expected until gas day 18th - with a ramp up of up to 2 days to previous rates.
Bacton SEAL	5	16/04/2021 05:54	28/03/2021	~20 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Due to weather restart has been delayed. Gas export restart not expected until gas day 17th - with a ramp up to previous rates.
Bacton SEAL	4	14/04/2021 16:29	28/03/2021	~19 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Due to weather restart has been delayed. Gas export restart not expected until gas day 16th - with a ramp up to previous rates.
Bacton SEAL	3	12/04/2021 16:47	28/03/2021	~18 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Due to weather restart has been delayed. Gas export expected during 15th.

Bacton SEAL	2	05/04/2021 08:29	28/03/2021	~17 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Due to weather restart has been delayed. Gas export expected during 13th with normal rates from the 14th.
Bacton SEAL	1	26/03/2021 12:47	28/03/2021	~7 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Start date and duration may still change - currently forecast at 8-10 days.
Bacton SEAL	0	08/03/2021 08:13	27/03/2021	~10 days	11.9	Elgin Franklin gas export to stop due to oil export route not being available due to maintenance works. Start date and duration may still change - currently forecast at 8-10 days.
NSMP - SF	0	31/03/2021 07:41	09/07/2021	~28 days	3	Maintenance at Alwyn.
Teesside CATS	1	05/05/2021 05:58	06/05/2021	~1 day	5.1	Culzean has restarted and is ramping up production levels.
Teesside CATS	0	26/02/2021 13:03	25/04/2021	~10 days	14.3	Planned maintenance on Culzean (10 days).

Notification Of Unplanned Unavailability

ASBP	Revision	Date Published	Exam Date	Expected Duration	Unit of Volume (mwh/d)	Comments
Bacton SEAL	3	21/12/2021 06:01	21/12/2021	~1 day	9	Elgin Franklin offshore rates continue to increase. By 10am rates at SEAL are forecast to be at 7.0 MCM/D and then a slow increase to technical capacity.
Bacton SEAL	2	20/12/2021 15:47	21/12/2021	~2 days	9	Elgin Franklin restart not expected until later tonight. Stock levels will not be rebuilt. Normal rates not expected until gas day 21st December.
Bacton SEAL	1	20/12/2021 06:14	21/12/2021	~2 days	9	Elgin Franklin has tripped . Restart of delivery at SEAL not expected before 1800 today with a slow ramp up. Normal rates not expected until gas day 21st December.
Bacton SEAL	0	19/12/2021 22:13	20/12/2021	~2 days	9	Elgin Franklin has tripped - rates at SEAL forecast to go to zero at 0100, restart time currently unknown.
Teesside CATS	3	20/12/2021 00:14	20/12/2021	~1 day	7.4	Culzean restarted and export rates increasing.
Teesside CATS	2	19/12/2021 21:56	20/12/2021	~2 days	9.2	Culzean restarted and export rates increasing.
Teesside CATS	1	19/12/2021 17:54	20/12/2021	~2 days	10.6	Culzean shutdown - restart procedures ongoing.
Teesside CATS	0	19/12/2021 11:56	20/12/2021	~2 days	6.9	Culzean shutdown - hoped to restart later today.
Bacton SEAL	0	08/12/2021 08:36	09/12/2021	~1 day	3	Reduced production from Elgin Franklin - issue expected to be resolved later today. Message below for SEAL delivery, in addition approx 1.8 MCM/D being delivered at Perenco terminal.
Bacton SEAL	1	29/10/2021 05:58	29/10/2021	2 days	4	Elgin Franklin ramp up ongoing, normal rates expected later this morning.
Bacton SEAL	0	28/10/2021 17:26	28/10/2021	~1 day	8	Elgin Franklin trip. Restart is currently unknown but expected to be later this gas day. Delivery at SEAL is expected to stop around 2000 tonight. In addition to the below quantity approx. 3.0 MCM/D of Elgin Franklin gas is being delivered at the Perenco terminal this will stop at the same time.
Bacton SEAL	1	21/10/2021 05:58	21/10/2021	2 days	7	Elgin Franklin restarted overnight, stock levels currently being rebuilt. Delivery at SEAL forecast to start from 0800 and ramp up over the course of the gas day (~ 7.5 MCM/D by midday) with delivery expected to be close to previous levels by end of gas day 21-Oct-2021.
Bacton SEAL	0	20/10/2021 09:36	20/10/2021	~1 day	10	Elgin Franklin has tripped. Delivery at SEAL will reduce over the next few hours and is forecast to go to zero from 15:00.
Teesside CATS	1	12/10/2021 05:55	13/10/2021	2 days	1.4	Culzean ramped back up - rebuilding stock levels.
Teesside CATS	0	12/10/2021 05:54	12/10/2021	~1 day	5.5	Culzean trip.
Bacton SEAL	3	21/09/2021 06:01	22/09/2021	3 days	7	Elgin Franklin has restarted gas export, a slow ramp up is expected today. Approximately delivery will be 6 MCM/D by mid afternoon, normal rates not expected until end of the gas day.
Bacton SEAL	2	20/09/2021 17:21	21/09/2021	2 days	10	Elgin Franklin restart underway. Linepack needs to be rebuilt. It's not expected that any gas will be delivered at the SEAL terminal for this gas day.
Bacton SEAL	1	20/09/2021 13:10	20/09/2021	1 day	10	Elgin Franklin has tripped. Restart underway, no time for gas export at the moment.
Bacton SEAL	0	19/09/2021 23:36	20/09/2021	~1 day	10	Elgin Franklin has tripped. Delivery at SEAL will reduce over the next few hours and is forecast to go to zero from 0400 on the 20th.
Teesside CATS	5	16/09/2021 11:35	17/09/2021	4 days	2.3	Culzean flows ramping up.
Teesside CATS	4	14/09/2021 22:43	16/09/2021	3 days	12.7	Culzean remains shutdown. Gas export not expected until evening of the 15th.
Teesside CATS	3	14/09/2021 10:13	16/09/2021	3 days	12.2	Culzean remains shutdown - no gas export expected this gas day. Below available capacity is coming from line stock.
Teesside CATS	2	14/09/2021 06:02	15/09/2021	2 days	14.4	Culzean trip, restart currently unknown.
Teesside CATS	1	13/09/2021 23:33	14/09/2021	1 day	12.3	Culzean trip, restart currently unknown, further reduction in nomination.
Teesside CATS	0	13/09/2021 18:09	14/09/2021	~1 day	10.5	Culzean trip, restart currently unknown.
Teesside CATS	1	04/09/2021 19:36	05/09/2021	1 day	2.8	Culzean production shutdown.
Teesside CATS	0	04/09/2021 11:42	05/09/2021	~1 day	9.4	Culzean production shutdown.
Bacton SEAL	0	22/08/2021 15:31	22/08/2021	~1 day	4.5	Elgin Franklin tripped earlier, but flows have restarted, normal rates expected tomorrow. SEAL delivery expected to increase later tonight.
Teesside CATS	0	25/05/2021 15:21	25/05/2021	~1 day	7.4	Culzean trip.
Teesside CATS	4	10/05/2021 01:28	10/05/2021	1 days	6.3	Culzean trip. Restart time currently unknown.

Teesside CATS	3	09/05/2021 11:48	09/05/2021	2 days	8.5	Culzean trip. Restart time currently unknown.
Teesside CATS	2	09/05/2021 07:36	09/05/2021	2 days	7.6	Culzean trip. Restart time currently unknown.
Teesside CATS	1	09/05/2021 01:02	09/05/2021	2 days	4.6	Culzean trip. Restart time currently unknown.
Teesside CATS	0	09/05/2021 00:59	09/05/2021	~1 day	5.3	Culzean trip.
Bacton SEAL	1	25/04/2021 11:02	25/04/2021	1 day	4.8	ElginFranklin gas export ceased due to unplanned shutdown.Gas export resumed earlier this morning and is ramping up.The current flow rate is around 90% of 'normal'. Stock is being replenished in the SEAL pipeline and deliveries at Bacton should continue to increase throughout the gas day, reaching the usual level towards the end of the current gas day / start of tomorrow's gas day.
Bacton SEAL	0	24/04/2021 23:30	25/04/2021	~1 day	10.6	ElginFranklin gas export ceased due to unplanned shutdown. Gas deliveries at Bacton will start to fall overnight and may reach 0 around the start of tomorrow's gas day. Please note, however, that the restart process has already commenced and gas export is expected to resume in 12-16 hours.
Teesside CATS	1	25/02/2021 00:09	25/02/2021	1 day	4.7	Culzean export back to normal. Line stock needs to be rebuilt.
Teesside CATS	0	24/02/2021 15:09	25/02/2021	~1 day	7.4	Unplanned trip at Culzean. Gas export has resumed but ramp is now expected to take longer than initially anticipated.
Bacton SEAL	4	24/02/2021 06:17	25/02/2021	1 day	5	Elgin Franklin export rates ramping up to normal levels. Delivery at SEAL to increase over the course of this gas day.
Bacton SEAL	3	23/02/2021 06:00	25/02/2021	1 day	6.2	Elgin Franklin export rates reduced to approximately 50%. It's not known at present when Elgin Franklin export will return to normal. Production has been started from another well.
Bacton SEAL	2	22/02/2021 06:13	23/02/2021	1 day	6.2	Elgin Franklin export rates reduced to approximately 50%. It's not known at present when Elgin Franklin export will return to normal. Production has been started from another well.
Bacton SEAL	1	22/02/2021 00:06	23/02/2021	1 day	6.2	Elgin Franklin export rates reduced to approximately 50%. It's not known at present when Elgin Franklin export will return to normal.
Bacton SEAL	0	21/02/2021 15:23	22/02/2021	~1 day	5	Elgin Franklin export rates reduced to approximately 50%, flows at SEAL will slowly reduce over the remainder of the gas day. Available capacity rates not expected until after midnight today.
Teesside CATS	2	23/02/2021 21:39	24/02/2021	1 day	0.7	Culzean export back to normal levels.
Teesside CATS	1	23/02/2021 14:31	24/02/2021	1 day	6.3	Culzean ramp up ongoing from trip this morning.
Teesside CATS	0	23/02/2021 10:07	24/02/2021	~1 day	3.3	Trip at Culzean, restart process underway.
Bacton SEAL	4	12/02/2021 07:45	12/02/2021	1 day	2	Elgin Franklin restart is underway, gas export should, hopefully, restart later today. However, it is likely to be tomorrow before flow returns to 'normal' level.
Bacton SEAL	3	11/02/2021 11:05	12/02/2021	1 day	12	Elgin Franklin restart is underway, gas export should, hopefully, restart later today. However, it is likely to be tomorrow before flow returns to 'normal' level.
Bacton SEAL	2	10/02/2021 12:25	11/02/2021	1 day	12	Elgin Franklin flow at Bacton SEAL dropped to zero from 0500 on the 10th February due to the ongoing outage.
Bacton SEAL	1	10/02/2021 05:49	10/02/2021	1 day	12	Elgin Franklin flow at Bacton SEAL dropped to zero from 0500 on the 10th February due to the ongoing outage.
Bacton SEAL	0	09/02/2021 22:09	10/02/2021	~1 day	4	Elgin Franklin gas export has stopped due to an issue on the oil export route. Restart for Elgin Franklin gas export is unknown at this time, it may not restart during this gas day. The current forecast has Elgin Franklin gas at Bacton SEAL slowly reducing over the remainder of the gas day. However, it may drop to zero from 0500 on the 10th February.
Teesside CATS	3	09/02/2021 18:41	10/02/2021	1 day	7.9	Gas export has resumed and is ramping up.
Teesside CATS	2	09/02/2021 05:48	10/02/2021	1 day	5.9	Gas export has resumed and is ramping up.
Teesside CATS	1	08/02/2021 11:40	09/02/2021	1 day	14.2	Reduced production from Culzean.
Teesside CATS	0	08/02/2021 06:43	09/02/2021	~1 day	12.4	Reduced production from Culzean.
Teesside CATS	3	22/01/2021 22:06	23/01/2021	1 day	6.2	Culzean flows ramping back up to normal.
Teesside CATS	2	22/01/2021 09:33	23/01/2021	1 day	9.8	Reduced production from Culzean.
Teesside CATS	1	22/01/2021 06:10	23/01/2021	1 day	6.7	Reduced production from Culzean.
Teesside CATS	0	21/01/2021 20:20	22/01/2021	~1 day	4.4	Reduced production from Culzean.
Bacton SEAL	4	22/01/2021 11:16	23/01/2021	1 day	3.0	Elgin Franklin export has been reduced due to a restriction on the oil export system. It's not known when the restriction will be lifted. Delivery at SEAL is slowly increasing as stock account is rebuilt.
Bacton SEAL	3	21/01/2021 20:28	22/01/2021	1 day	4.0	Elgin Franklin export has been reduced due to a restriction on the oil export system.
Bacton SEAL	2	21/01/2021 06:24	22/01/2021	1 day	7.0	Elgin Franklin gas export restarted around 0508 this morning. It's expected offshore rates will return to normal this gas day but delivery at SEAL will take a bit longer to return to normal levels as stock levels require to be rebuilt.
Bacton SEAL	1	20/01/2021 20:33	21/01/2021	1 day	0.0	Elgin Franklin gas export had to stop due to an issue on the oil export route. Restart for Elgin Franklin gas export is not known at this time, it may not restart this gas day. Elgin Franklin flows at Bacton SEAL went to zero earlier than forecast.
Bacton SEAL	0	20/01/2021 17:24	21/01/2021	~1 day	0.0	Elgin Franklin gas export had to stop due to an issue on the oil export route. Restart for Elgin Franklin gas export is not known at this time, it may not restart this gas day. Current forecast is Elgin Franklin gas at Bacton SEAL will slowly reduce over the course of this evening and is forecast to go to zero at 0100 on the 21st January.
